Dear Dorothy, I am Martha McDonald Busch's daughter. My Mom passed away on February 2,2005. She was in the 817th squad with her best friend Annie Kreuger who died several weeks after my Mom. I was with my Mom until the end and even then she was remembering her days with the girls. I know all their daughters must share the pride I have for the women my Mom served with during this difficult time.

Although I never had the pleasure of getting to know my Mom's friends I have a feeling they were, like my Mom, the first of the women's libbers! Strong and confident women that excelled in all they did.

I miss my Mom terribly but will always have her in heart.
